

In addition to current health and hygiene Studio Policies, additional guidelines will be introduced during covid-19 high-risk periods.

## Current Studio Health and Hygiene Policies:

- Students must immediately report to me if they, or a close contact, are affected by any illness, virus or contagious disease.
- Please do not come to lesson if you are ill or have cold and flu symptoms.
- The piano and resources are cleaned between students
- Hand sanitiser is used before each lesson.
- I sit away from the student and will wear a mask if requested or required by regulations.
- In the case of increased social distancing restrictions, lessons will continue online via Zoom.
- Additional guidelines may be put in place during periods of high risk for covid exposure.

## Additional Guidelines for Periods of High Covid Exposure Risk:

- All students & family coming to my home studio must wear a mask and use hand sanitiser.
- I will wear a mask and use hand sanitiser during in-home lessons.
- Only one person to bring students to lessons unless you have other children in your care.
- Do not come early. Please arrive just before your lesson time to help limit the number of people on my front porch at one time. Please social distance during lesson change overs.
- Only the student will come inside for their lesson.
- Notify me as soon as possible of any covid illness or close contact with covid.
- If a student is well but unable to attend a lesson in my studio due to covid isolation requirements, the lesson may go ahead using Zoom.

I will need advance notice to ensure I am able to set this up in time.

- If a student is well but unable to have me attend a lesson in their home due to covid isolation requirements, alternative arrangements will be made on a case-by-case basis.

Please contact me if you have any questions.

These guidelines will be reviewed regularly.
